DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- 2. Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Harada et al (US 5,228,498).

Harada et al disclose a continuous casting plant comprising, a casting plane, a casting station, and in the casting station comprising a mobile mold, rollers with two plates at the closed ends. The casting plant further comprises component elements, and moving means for moving each of the component elements. The component elements being moved between their respective treatment station by rotating arms located on at least one turret. The turret is provided with two arms. A tundish rotating turret suitable to put the ladle in casting position. The treatment station comprising unloading device and plates preheating station (figures and col. 6, line 45 - col. 8, line 50).
